

Mohammad Ahmad Al Bowardi Chairs the Executive Committee Meeting

Abu Dhabi, 4 August 2010

The Executive Committee, Chaired by H.E. Mohammad Ahmad Al Bowardi, Secretary General of the Executive Council and Member of the Abu Dhabi Executive Council, agreed to the projects submitted by the Department of Municipal Affairs (DMA) – Abu Dhabi regarding Change Order No. (1) and amendments to the Executive Council Resolution with reference to Phase I of the internal roads project and central cooling system in Mohamed bin Zayed City. The Committee also agreed to the evacuation, demolition, and reconstruction of old markets in Abu Dhabi City.

The meeting was held today, Wednesday, 4 August 2010, at the Abu Dhabi Crown Prince's Court.

The Executive Committee agreed to the project submitted by the Abu Dhabi Police General Headquarters for a bid analysis for the construction of Al Ain Ambulance & Rescue Centre, which will comprise of several buildings including emergency, main headquarters, and residential units for men and women.

During the meeting, the Committee also agreed to the project submitted by the Abu Dhabi Sewerage Services Company (ADSSC) regarding related works in Al Ain (Phase II). The project covers the procurement and installation of sewerage pipelines for the treatment station in Al Yahar and Al Dhahira areas, in addition to creating a roadway and constructing a concrete reservoir.

The Executive Committee also discussed a number of important topics and memoranda listed on its agenda relating to the implementation of plans and projects, and service development which were submitted by government departments in Abu Dhabi.
